

# Office of Air Management

## Title V Progress Report

Permits Issued and Applications Pending As of December 31, 1999

	Spring Qtr (Thru Jun 30,1999)		Summer Qtr (Thru Sept 30,1999)		Fall Qtr (Thru Dec 31, 1999)		Winter Qtr (Thru Mar 31, 2000)		Spring Qtr (Thru Jun 30, 2000)		Summer Qtr (Thru Sept 30,2000)		Fall Qtr (Thru Dec 31, 2000)	
	Qtly	Cum	Qtly	Cum	Qtly	Cum	Qtly	Cum	Qtly	Cum	Qtly	Cum	Qtly	Cum
Draft Permits Currently on Public Notice or Beyond					75									
Permits Issued	60	325	59	384	28	412								
* Applications Pending		427		365		338								

Note: As required by the 1990 Amendments to the Clean Air Act, all existing air emissions sources in Indiana submitted Title V air permit applications to the IDEM Office of Air Management (OAM) before December 14, 1996. Those applications must be acted upon by the end of 2000. OAM subsequently received approximately 75 additional applications from new sources, which also must be acted upon by that time. As a result, approximately 750 Title V permit applications must be acted upon by OAM by the December 31, 2000 deadline. According to EPA, as of January 2000, [Indiana has issued permits for 53 percent of the applications it received](#), while Minnesota, [the next most productive state in EPA Region V](#), has issued permits for only 36 percent of its Title V applications.

**Qtly** = Quarterly

**Cum** = Cummulative

\*Applications Pending = Those remaining applications which have not yet been approved (issued), denied, withdrawn, or combined.
